Personal Profile

Organised and detail-oriented professional with strong experience in administration, scheduling, and data management. In my role as Clinic Coordinator at Northampton General Hospital, I successfully managed confidential records, coordinated busy clinic schedules, and ensured the smooth running of day-to-day operations in a high-pressure environment. Skilled in Microsoft Office, data entry, and communication, I bring accuracy, reliability, and a proactive approach to supporting teams and stakeholders.

Key Skills

- Administration & Coordination – diary management, scheduling, and workflow organisation
- Data Management – accurate record-keeping, GDPR compliance, patient data handling
- Communication – clear and professional interaction with staff, patients, and stakeholders
- Technical Proficiency – Microsoft Office (Excel, Word, Outlook), data entry systems, SQL basics
- Problem-Solving – ability to prioritise tasks, resolve issues, and ensure smooth operations
- Team Support – collaborative approach in fast-paced environments

Professional Experience

Clinic Coordinator & Receptionist – Northampton General Hospital | Nov 2023 – Present

- Managed and updated patient records for 50+ patients per shift with 100% accuracy.
- Coordinated complex clinic schedules, ensuring smooth operations and reduced delays.
- Handled confidential patient data in strict compliance with GDPR and NHS guidelines.
- Provided front-line support to patients and staff, maintaining professionalism in a high-pressure setting.
- Developed strong multitasking skills, balancing administrative duties with patient-facing responsibilities.
- Supported multiple specialties including Dermatology, Rheumatology, Diabetes and Endocrine, and the Medical Day Case Unit, adapting quickly to different teams and systems.

Education

University of Northampton – BSc (Hons) Games Programming | 2022 – 2024

Developed strong analytical and IT skills, including project management and data handling.

Abbeyfield School Sixth Form – A-Levels (AAA) | 2019 – 2022

Additional Skills

- Proficient in Microsoft Office (Excel, Word, PowerPoint, Outlook)
- Experience with database systems and digital record management
- Strong organisational and interpersonal skills
- Fluent in English and Tagalog
